GPV/KCV acknowledges the peoples of the Kulin nation as the traditional owners of our great land and offers respect to Elders, past and present.

GPV/KCV acknowledges that the Aboriginal culture existed in Australia before European settlement and consisted of many community groups. Further, we acknowledge the Indigenous peoples of this land as the oldest continuing cultures in human history.

GPV/KCV acknowledges that laws and policies of the past have inflicted grief and suffering on our fellow Australians and regrets the removal of Aboriginal and Torres Strait Islander children from their families.

GPV/KCV believes that a society that is inclusive of all is crucial to individual and community wellbeing and will behave with respect towards all irrespective of their race, religion, sexuality, gender or socio-economic background.

GPV/KCV acknowledges 13th of February as National Apology Day, the anniversary of then Prime Minister, Kevin Rudd, delivering the National Apology to Australia's Indigenous Peoples in 2008. GPV/KCV will take steps that promote a happier and healthier future for Indigenous Australians, particularly the children and young people.

# Victorian Government CARE ALLOWANCES

The DFFH provides endorsed<sup>1</sup> kinship carers, foster carers, permanent carers and additional needs local adoptive parents with a **care allowance** to assist in providing care for children and young people who cannot live with their parents, following intervention by child protection. The care allowance contributes to the costs incurred while providing care and is paid fortnightly from the date of endorsed placement.

The care allowance is not a 'payment' for being a carer and is not considered a source of income for the purposes of annual tax returns, testing eligibility for Australian Government allowances or when applying for loans from financial institutions. Care allowance rates are not affected by Centrelink or Commonwealth child support agency payments, or Youth Allowance payments.

Kinship carers assessed and approved by child protection are automatically eligible for the level-one care allowance (see below) at the beginning of the placement. Where the child is assessed as having higher needs, carers may be eligible for a higher care allowance level.

<sup>1</sup> An endorsed placement is when child protection determines that the placement is required for the safety of the child or young person, and the kinship carer has been assessed and approved.

## Victorian Government 18-21 YEARS AND SCHOOL ATTENDING

This payment provides ongoing support and placement stability to young people completing their secondary education qualification. Where a young person has turned 18 years of age and is continuing to attend school at a senior level (eligibility provisions apply), the care allowance may be extended up to 21 years of age when they are school attending.

This extension may occur for the calendar year in which the young person turns 18, and for the calendar years beyond which they turn 18 and up to 21 years of age, if they are still attending school at a senior level (full-time or part-time).

Carers must maintain a private accommodation arrangement within their home for a young person for whom they are in receipt of a care allowance on the date of the young person's 18th birthday.

The Department's **Care Allowance Helpdesk** will send a letter out to kinship carers in advance of the young person's 18th birthday, advising that the carer may be eligible for an extension of the care allowance.

**Further information:**

## Victorian Government EDUCATION AND MEDICAL PAYMENT

To assist in meeting the education and health needs of children and young people in care services. This is included in the fortnightly care allowance.

**Further information:**

## Victorian Government CLIENT SUPPORT FUNDING

Client support funding is additional funding that carers may be eligible for to help cover the costs for extraordinary expenses. These are for the purchase of specific items or services that exceed the day-to-day costs of what the care allowance contributes to, or to assist with high costs that place an unreasonable financial burden on carers.

Where a child or young person has extraordinary needs or needs that are above the day-to-day cost of caring, kinship carers should speak with the child or young person's child protection worker or agency case manager to discuss access to client support funding.

**Further information:**

## Victorian Government EDUCATION ASSISTANCE INITIATIVE

This payment contributes to meeting the educational costs for a child or young person subject to Victorian child protection intervention. The two age bands for the allowance are 5–11 years and 12–18 years (5–11 years \$384.03, 12–18 years \$576.03).

A quarterly payment is separate to the Care Allowance and automatically paid to the carer's nominated bank account. It can be paid in arrears to primary or full-time carers, based on the number of days a child or young person has been in the care arrangement.

**Further information:**

## Victorian Government NEW PLACEMENT LOADING (six months)

This loading is to assist in meeting the immediate or 'start-up' costs of caring for a child or young person, subject to Victorian child protection intervention.

If a carer is receiving a level-1 care allowance, an additional amount is paid to the carer over the first six months of the placement or care arrangement and included in the fortnightly care allowance.

**Further information:**

## Victorian Government CARER CARD

The **Victorian Government Carer Card** gives carers free and discounted services, including free public transport on Sundays, two return off-peak rail vouchers for travel anywhere within Victoria, and discounted entry to government venues, such as zoos, museums and various tourist attractions.

## Victorian STATE SCHOOLS' RELIEF FUND

State Schools' Relief (SSR) provides government school students with new uniforms, footwear and educational resources, including learning devices. Centrelink work side by side with all Victorian primary, secondary, specialist and language schools to ensure that any students facing hardship have the necessary items they require for school.

Carers in need of financial assistance with government education need to speak to the school principal, assistant principal or wellbeing coordinator. The school may then place an application for assistance directly with SSR on the student's behalf.

**Further information:** Carers should contact their child's school directly.

## Victorian Government EARLY START KINDERGARTEN PROGRAM

**Early Start Kindergarten** provides free kindergarten to eligible three-year-old children where programs are offered by a qualified teacher. Children can also access free or low cost Four-Year-Old Kindergarten through the Early Start Kindergarten Extension Grant.

Eligible children must be aged three by 30 April in the year they will be attending kindergarten, and:

- from a refugee or asylum seeker background, or
- your family has had contact with Child Protection (or been referred to Child FIRST), or
- your child is Aboriginal and/or Torres Strait Islander

Applications for Early Start Kindergarten funding are made by the service on your behalf and the grant is paid directly to the service. Carers may enrol your child by contacting a kindergarten service near carers and asking to access Early Start Kindergarten. Alternatively, your Child FIRST or Child Protection worker may do this on your behalf, or a Koorie Engagement Support Officer (KESO) in your nearest Department of Education & Training office may help carers apply.
