

SCHOOL BREAKFAST CLUBS PROGRAM

BREAKFAST CLUB

About the School Breakfast Clubs program

The School Breakfast Clubs program seeks to address the impact disadvantage can have on education outcomes by offering free and healthy food for students in all Victorian government schools that opt in.

The Victorian Government, in partnership with Foodbank Victoria, provides free, healthy breakfasts to students in over 1,200 participating government schools to support learning and reduce cost-of-living pressures on families. The program offers cereals, milk, fresh fruit, and toast, with some schools providing lunches and home food packs.
