

Parent Portal now available for Victorian families

Key services for Victorian families in one place

The Victorian Government's Parent Portal brings trusted services and information together in one tool, via the Service Victoria app and website.

Child and family services professionals play an important role in connecting families with reliable information and services.

With Parent Portal, families can:

- access a digital version of their child's green book
- register a birth and apply for a digital birth certificate
- create and manage a profile for their child and share securely
- find local kindergartens and primary schools
- connect with support services at each stage of development

Parents and carers can get started by downloading the Services Victoria app or visiting service.vic.gov.au/parent-portal.

For support call 1300 366 356 Monday to Friday 9AM to 5PM
